# Angler Dangler™

A NEW GAME FROM DECO

**DECO**  
CASSETTE  
SYSTEM™

# Angler Dangler™

You're an angler in this game. So cast your bait where the big ones are.

## HOW TO PLAY

- Scope indicates the best spots. Time your cast and push red button.
- When a fish strikes use the red button to reel in.
- But don't rush it or your line will break. The meter on the right shows line tension.
- If you're lucky, a whopper will gobble your little fish for added thrills.
- Land as many as you can within the time limit. When you run out of time you lose a hook.
- Watch out for rocks and snags. They cost you hooks.
- Game over when hooks run out.

## SCORING

- The longer the fish and the greater the distance, the higher your score.
- The number of fish with your scope are added to your score.
- Bonus points for every 10th fish you land.
